

## ORGANIC PRIME YELLOW CARNAUBA WAX TYPE 1 (PHC 2486ORG)

Certified Organic Carnauba Wax Flakes are predominantly used in cosmetic and personal care applications. Carnauba is a natural vegetable wax that is produced from the leaves of Brazilian Carnauba palm tree that grows in the northern and north-eastern part of Brazil.

Carnauba Wax provides good mold release, hardness, consistency and surface gloss. It has the highest melting point among the natural waxes and is suitable for improving the strength and temperature stability of many cosmetic products. Formulators use Certified Organic Carnauba Wax Flakes in cosmetic emulsions, sunscreens, make-ups, foundations, lip balms, pomades, lipstick, lip gloss, oil gel products and decorative cosmetics.
